

# Sharing Is Caring!

## COSTABEL CANE CORSO

This puppy formula was shared with me in 2012. I tweaked it a little bit, based on my needs and/or preferences, but it's a great puppy formula.

- 12oz Goat Milk
- 1c Full Fat Plain Yogurt
- 1 Egg Yolk
- 1tsp Vegetable Oil
  - > Note: I prefer to use unfiltered, cold-pressed Flax Oil
- 1tsp Karo Light Corn Syrup (NOT DARK)
- 1tsp Liquid B-12
- 1tsp Liquid Infant Vitamins (NO IRON)

Blend it all together, strain into a container, add 1c filtered water then mix well. If puppies have runny stool, use filtered rice water instead, which you make by making rice with excess water and draining for the water. Keep refrigerated.

Wishing your puppies lots of love, health & full bellies!  
Yvonne Alemán, Costa Bel Cane Corso
